Kakuro Puzzle - Unleash Your Number Sense!

Hey there, puzzle enthusiast! If you're up for a numeric challenge that's both fun and rewarding, Kakuro is the game for you. Let's dive in and learn how to play:

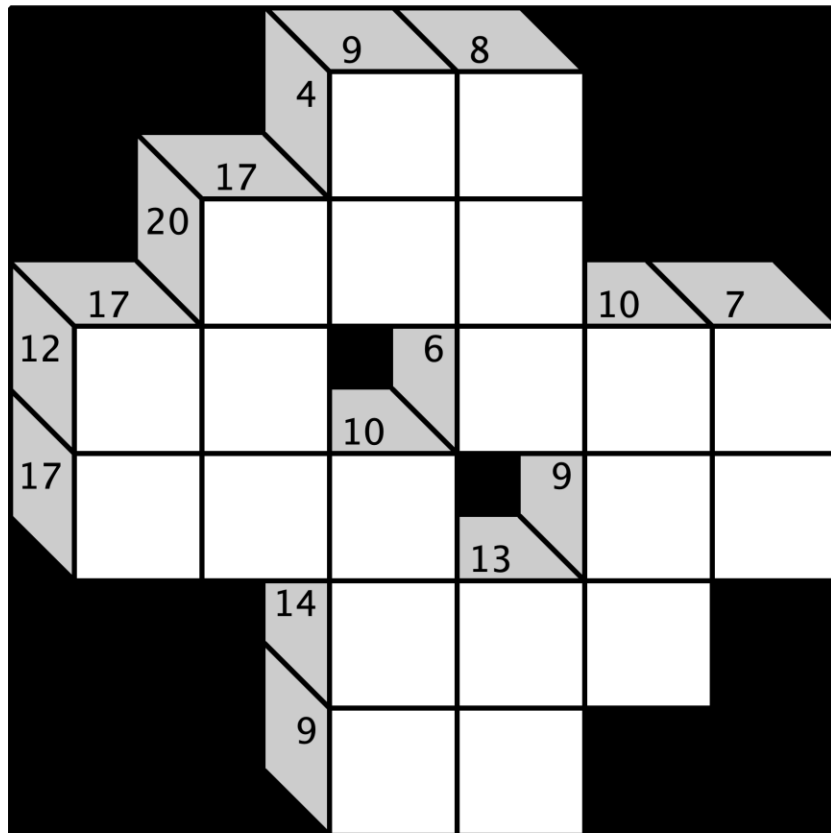

Objective: Your mission in Kakuro is to fill a grid with numbers, using logic and deduction, so that each row and column adds up to a given sum.

Rules:

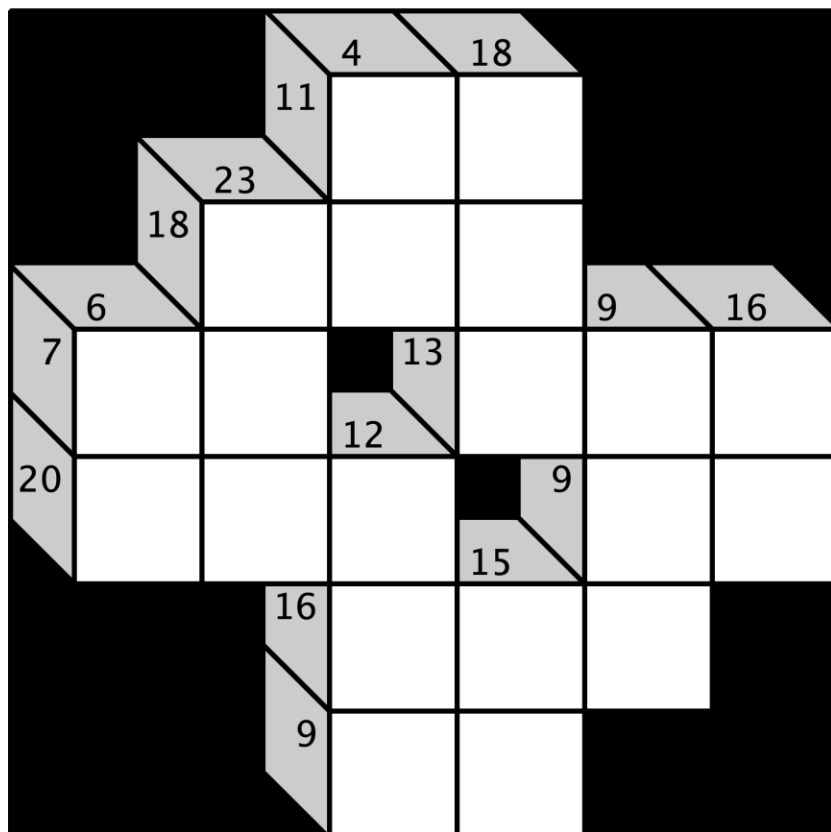

- 1.The grid consists of white and shaded cells.
- 2.Each white cell needs to be filled with a number from 1 to 9.
- 3.The numbers in each white "run" (group of adjacent white cells in a row/column) must sum up to the given clue number for that run.
- 4.A number cannot repeat within the same run.
- 5.Shaded cells cannot contain numbers.

Akari Puzzle - Illuminate Your Path to Fun!

Hey there, puzzle enthusiast! If you're up for a brain-bending challenge that involves lighting up a grid, Akari is the puzzle for you. Let's dive right in and learn how to play:

Objective: Your mission in Akari is to place light bulbs in the grid so that they illuminate all empty cells while adhering to specific rules.

Rules:

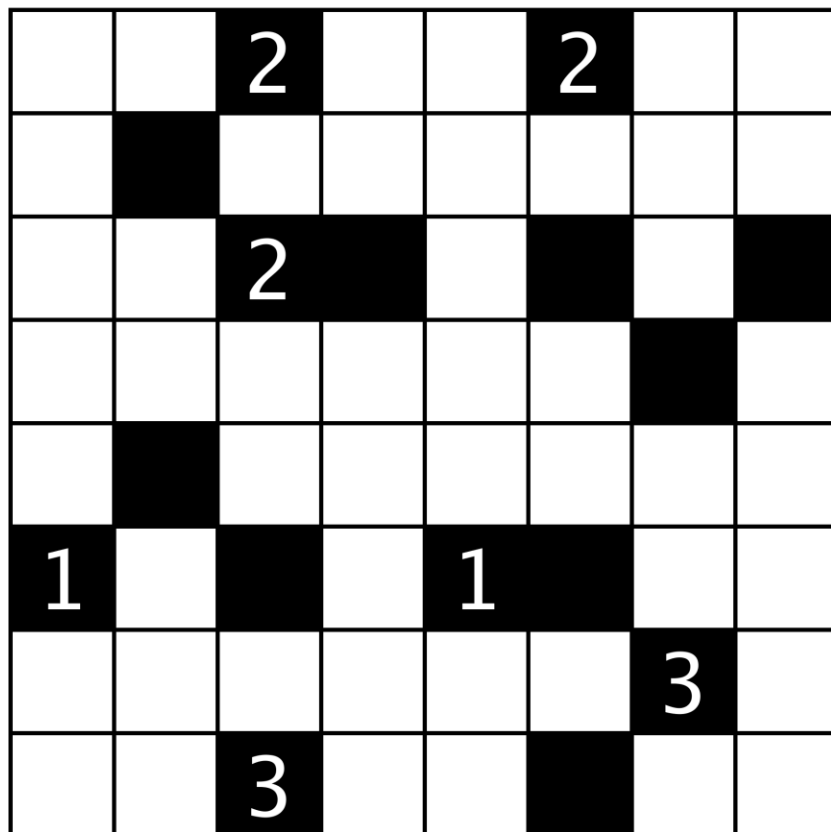

- 1.The grid consists of white cells, black cells, and numbered cells.
- 2.Your goal is to place light bulbs in some white cells to illuminate empty cells in all directions: up, down, left, and right, until they hit a black cell or the grid edge.
- 3.Each numbered cell indicates how many bulbs should be placed in the cells surrounding it (up, down, left, and right). Bulbs cannot be placed on numbered cells.
